

ROCKFORD

Committed to excellence

(A Unit of ASSET)

Accredited to NABET (QCI)

It is easier to build up a child than to repair an adult....

We learn this through Hundred Languages of Children @ ROCKFORD. The Knowledge and skills children learn from ROCKFORD arise through questioning process rather than being predetermined and delivered by teacher. We are moving from being Knowledge Centric to Skill Centric.

RockForD Senior Secondary School is accredited by (NABET) and Quality Council of India (Govt. of India).

The NABET is a constituent Board of the Quality Council of India and certifies schools based on their compliance with the requirements as per the 'Accreditation Standard for Quality School Governance'.

The National Accreditation Board for Education and Training (NABET) has accredited our school, recognising its high quality in school governance. Our school had been working towards meeting the requirements set by the NABET for the last couple of years.

- Yukutha K S who won Silver Medal in Discus Throw, moved to National Level Discus Throw (2019-20) and secured 8th position.

BEYOND ACADEMICS

Community Outreach

The three main goals of an outreach programme are to improve learning, promoting civic engagement, and strengthening communities through addressing their societal needs.

An outreach program creates a partnership between the communities and the educational institutions.

Our Student Committee and the Management wanted to extend help to the affected victims of Karnataka. Our Chairman, Principal and the Student Committee witnessed the affected places and people personally.

The primary school children were involved in Caring and Sharing Programme. The students of all grades did a generous donation, few primary children were taken to the Govt School and Orphanages. Our students interacted with them, spent quality time with the children there sharing the material

Educational Trips

Educational Trips not only enhances the students' studies, it provides them life skills & real life experiences more importantly, it makes them Independent, accustomed to all kind of weather, food, places & people.

Internship & Field Visit

These trips have not only enhanced the students' studies, more importantly it has provided them life skills, real life experiences that are invaluable.

BEST PRACTICES

Goodness Award

Goodness Award is presented every month to a student who has exhibited an extraordinary behavior during a particular month. Integrity, being helpful, cleanliness etc.,

Sharing the Innovative Practices

Teachers across the school have been categorized as Rock Foundation, Rock Kindler, Rock Innovators. These teams will experiment their innovation on the students after it has been successfully completed, it will be implemented for the betterment of students in experiential learning with Hands on activities.

Art Projects

Our school students' Involvement in art is associated with math, reading, cognitive ability, critical thinking, and verbal skill. Learning art can also improve motivation, concentration, confidence and teamwork. Art classes won't prepare children for tests, but they can give students many opportunities to develop their creative, motor, and cognitive skills.
